

VET Student Loans – Student Entry Procedures

In accordance with the VET Student Loans Act (2016), all students wishing to apply for a VET Student Loan must be assessed for academic suitability to undertake a high level VET qualification.

This academic assessment is in addition to any entry requirements that may be required for the specific course you are undertaking. If you are not able to meet any of these requirements, you will not be eligible to apply for a VET Student Loan.

Procedures for Marr Mooditj to access your **academic suitability requirements** on the basis of either:

- Providing your Year 12 Completion Certificate (WACE or equivalent); **or**
- Providing a copy of a certificate showing that you have been awarded a qualification at Certificate IV (4) or above in the Australian Qualifications Framework (where the language of instruction was English), **or/and**
- You will be required to undertake a literacy and numeracy assessment using Australian Core Skills Framework.

Procedures for students to undertake a literacy and numeracy assessment:

- MMT will contact you to discuss how you can prepare for the assessment using our approved assessment tool in the Australian Core Skills Framework. MMT will then email you a link to the ACER assessment tool. It is free of charge.
- MMT uses The Australian Council for Education Research (ACER), the Core Skills Profile for Adults (CSPA) to assess your Literacy and Numeracy skills.
- MMT will inform you of your results within 5 working days, after the assessment.

You **must** display competence at **Exit Level 3 or above** in both Literacy and Numeracy assessments.

A copy of your result will be sent to you by ACER and it will be stored for five years after you enrol and may be provided to the Commonwealth if requested.

Marr Mooditj Training must be confident that you complete this test independently and meet the required Exit Level 3 skills.

- Marr Mooditj must reasonably believe you display that competence.
